

Effective Sewer rates as of July 1, 2011, per applicable parts of RV Municipal Code, 13.08.040.

A. The flat rate monthly minimum charge for each residential facility for sewer services shall be as follows in Table 1 of this section.

B. The amount of the monthly charge for commercial and industrial facilities served by a water meter shall be computed using two factors: (1) the first factor is a number representing the monthly consumption of water for sewage flow purposes stated in terms of one hundred (100) cubic feet; (2) the second factor represents the charge per one hundred (100) cubic feet, which will be as follows in Table 1:
