**NOTE: This form to be submitted with the Uniform Planning Application Form.**

Where a special design proposal for a bigger development makes it desirable to apply regulations more flexible than those contained elsewhere in the zoning ordinance, a planned unit development permit may be granted. The purpose of such permit is to grant diversification in the location of structures and other site qualities while ensuring adequate standards relating to public health, safety, welfare, and convenience in the use and occupancy of buildings and facilities in planned building groups.
