## 2x2 Meeting

At the 2x2 meeting between the City and River Delta Unified School District, the following items were discussed:

1. The School District agreed to the Right-of-Way Agreement for the City to test the water well site that is proposed to be located on the Rio Vista High School property. The School District needs to perform maintenance to a service road and was hoping the City can coordinate work so the well site project does not damage any road maintenance they perform. City and School District staff agreed to coordinate together.
2. The School District provided an update on the Brann Ranch and California Forever projects. California Forever may be presenting at an upcoming River Delta Unified School District meeting. The City is working on Frequently Asked Questions (FAQ) about the California Forever Initiative.
3. The City will be working on a Youth Community Guide to inform residents about youth-related activities in the community. The School District agreed to provide some information.

## Save the Date – Stormwater Rates Community Forums on May 30

Two community forums regarding proposed Stormwater Rates will be held May 30, one in the afternoon and one in the evening. Exact times and location(s) are being finalized.
