** Balances shown for the Capital Improvement Projects (CIP) money market accounts (MMA's) are overstated. Deposits have been made into these accounts monthly from the Central Checking Account with monies collected from water and sewer billings since the accounts' establishment in April, 2010. However, expenditures for these CIP's are being made out of the City's Central Checking Account. Periodically, reimbursement transfers are made from the appropriate CIP MMA to the Central Checking Account to cover expenditures that were made from the Central Acct on behalf of the CIP's, but these reimbursements lag in time.

Figures reported are the bank balances if all checks written had cleared by end of month and do not reflect float at the end of the month (which was \$307K at the end of this past month).

Report *excludes* fiduciary trust accounts.

Interest rates shown are as of end of current reporting period.

The Money Market Account (MMA) bank statements are only available as of mid-month. Balances shown here reflect any transfers between the MMA's and the Central Account that were made between the mid-month bank statement cut-off and the end of the month. An estimate of interest earned by the CIP MMA's in this period is also included above (Interest earned in this month by the three accounts was approximately \$975.)
