Section 17. Scheduled Work Period

1. For full time employees, the normal work period will be forty (40) hours worked within seven (7) consecutive days. Employees generally work eight (8) hours daily for five consecutive days per each calendar week. Nothing would preclude an employee from working an alternate shift arrangement (e.g., Four ten-hour days, etc.). However, he employee desiring said alternate schedule must submit a written request to his/her Department Head. A request for compensatory time off shall be honored by the Department Head unless it would be disruptive to the department operations. Payments for accrued compensatory time off may be accrued made at any time and shall be paid at regular rate earned by the employee at the time the employee receives such payment.

**ARTICLE IV
LEAVES**

Section 22. Computing Leaves

Days off are based on 40 hours of work in a 7-day work period. Shifts such as five days of 8 work hours, four days of 10 work hours, or other variation to which management has agreed, shall result in the same number of days off per 40 hours of work performed so that no advantage or disadvantage is imposed by reason or work schedules. A day off is a standard 24-hour day in either case, earned as a result of a 40-hour week. If necessary to prorate to fractions of a day, the fraction of time off should relate to similar fractions of a 40-hour week worked. For example, if an employee is on a 4-10 schedule, one day of leave would result in ten (10) hours being charged against the appropriate accrued leave balance.

Section 23. Sick Leave

1. All employees shall receive ninety-six (96) hours sick leave credit per year.

Employees may accumulate unlimited sick leave. Sick leave may only be taken if it has been earned.

2. Sick leave is not a right which an employee can use at his or her discretion, but a privilege which is allowed only in the case of illness, death in the family, bodily injury, exposure to contagious disease, medical or dental appointments, or attendance upon seriously ill members of the employee's immediate family. To be paid for sick leave, an employee must notify his/her immediate supervisor within fifteen (15) minutes prior to the beginning of his or her assigned shift or fifteen (15) minutes after the beginning of his or her assigned shift. The Department Head may waive this requirement upon presentation of a reasonable excuse by the employee. The City Manager shall cause to be maintained sick leave records of all City employees.
 - a. While absent from duty because of sickness or disability, the employee shall remain at his or her residence or place of confinement unless as follows:
 - (1) To seek medical aid.
 - (2) To pick up medication.
 - (3) To travel to a place authorized by a physician.
 - b. No employee shall feign sickness or injury or deceive a representative of the City as to his or her real condition.
3. Accrual of sick leave for full time employees begins the first day of the month following the employee's completion of one (1) month of service. An employee earns sick leave with pay at the rate of one (1) day for each calendar month of service. It is not earned by an employee on unpaid leave.
4. A full time employee or part time employee, who qualifies for sick leave accrual, may take paid sick leave after the completion of ninety-(90) days service.
5. An employee, with the approval of the Department Head may use accumulated sick leave.
6. An employee, with prior approval of the Department Head, may use accumulated sick leave to attend a seriously ill member of his or her immediate family, however, such absence shall be limited to a maximum of six (6) working days for each occurrence. This includes time off to take a member of his or her immediate family to or from the hospital. In addition, accumulated sick leave may be used, with prior approval of the Department Head, for a serious illness in the family when death appears to be imminent. Sick leave granted under this sub-section shall be indicated on the employee's time sheet and his personnel records noted accordingly.

7. When an employee returns to duty after a three (3) day absence chargeable to sick leave, the City Manager or Department Head may require a signed statement from a doctor or dentist that the employee was incapacitated and unable to perform his or her duties throughout the entire period of sick leave. If the affidavit or statement is not filed, the employee is not entitled to be paid for sick leave unless the City Manager grants a waiver. In case of frequent use of sick leave, or a pattern of sick leave abuse is suspected, an employee may be requested to file a physician's statement for each illness regardless of duration. An employee may be required to take an examination by a physician mutually agreed to by the City and the employee, if requested by the City, and/or shall authorize consultation with his or her own physician concerning his or her illness. On the basis of authoritative medical advice, the City Manager shall determine whether an employee is physically incapacitated for the duties of his or her position and may take the action he/she considers appropriate as provided in paragraph C of Article IX above.
8. Employees may accumulate unlimited sick leave.
9. After three (3) years of service, upon separation or retirement, an employee will be paid up to 50% of accumulated sick leave not to exceed payment for more than 60 days.
10. An employee working a 9/80 schedule upon which a holiday falls on a nine (9) hour day will be paid at their regular 9-hour rate for that day.

Section 24. Light Modified/Limited Duty

1. Any employee who has previously been off duty due to injuries, illness or other medical reasons, who has been medically released by a doctor for light duty, shall be required to report for light duty assignments when, in the judgment of the department, work assignments exist which the employee is capable of performing without violating the work restrictions imposed by the doctor. No such assignments will be approved unless the tasks assigned represent meaningful work products that advance the mission of the department. All light duty must be approved by the City Manager.
2. Light duty will not be approved unless there are specific duties to be performed relative to the qualifications of the affected employee.

Section 25. Bereavement Leave

1. Every employee shall obtain his or her Department Head's approval for an absence on account of death in the family.
2. Each employee is entitled to a bereavement leave, following the death of a member of the immediate family. The period of such leave shall be determined by the City Manager or other appointing power in determining the period of such leave, the relationship of the deceased to the employee and the amount of necessary travel involved, if any, shall be considered. In no event shall bereavement leave exceed five (5) working days. "Immediate Family" is defined as the employee's wife, husband, domestic partner, son, daughter, mother, father, brother, sister, parent of a spouse of domestic partner and close blood relatives or close relatives living in the employee's household.

Section 26. Leave of Absence Without Pay

1. Leave without pay shall not be construed as a break in service or employment, but vacation and sick leave credits, health and retirement benefits, salary increases and similar benefits shall not accrue to an employee on leave without pay. A leave of absence is defined as five (5) or more consecutive days.
2. A leave of absence without pay, not to exceed thirty (30) days per calendar year, may be granted by the Department Head, with the approval of the City Manager. Leave in excess of thirty (30) days must be approved by the Department Head, City Manager and City Council.
3. A “leave of absence” as used in this section, is a privilege which may be granted to a regular employee wishing to leave the City service without pay and in good standing for a limited period. The employee must make a written request to the Department Head for such leave, stating the date of the leave and the reason. Leave may be granted or denied based upon the needs of the City and the employee.
4. Any such leave granted shall be without pay or other benefits granted employees.

Any personal health or life insurance carried by the employee through the city may, with the carrier’s and the city’s approval, be continued at the expense of the employee on personal leave.

Section 27. Military Leave

All employees shall be granted military leave in accordance with federal law and the California Military and Veterans Code. Request for military leave shall be submitted to the Department Head in writing accompanied by military leave orders two (2) weeks prior to the leave starting date, except in the case of state or national emergency. The Department Head shall notify the City Manager. The Department Head, within the limits of military necessity and regulation, may determine when military leave may be taken. The period of military leave of absence is computed as part of City service except that an employee who takes a military leave of absence before the completion of his or her probationary period shall complete the probationary period after his or her return. Employees are entitled to full compensation less military pay for the time spent on military leave.

Section 28. Family Medical Leave Act (FMLA) Leave

1. Family Medical Leave: Family and medical leave for employees shall be governed by the provisions of the Family Medical Leave Act (FMLA), 29 D.S.C. 2601 et. seq. and the provisions of Government Code 12945.2 and 19702.3, as may be amended from time to time, except where the City has improved the level of benefits beyond the Federal and State guidelines. Family or medical leave may be granted to an employee for serious illness, birth or adoption of a child or caring for a seriously ill spouse, domestic partner, child, parent, grandparent, grandchild, or sibling. When there is a conflict between Federal and State law, the provision which is more advantageous to the employee shall govern. Where there is a conflict between this section and the FMLA or State law, the FMLA or State law shall govern, except where the City has improved the level of benefits beyond the Federal or State guidelines.

2. Serious Illness Defined: For purposes of this section, a serious illness is an illness, injury, impairment, or physical or mental condition that involves: (1) inpatient care in a hospital, hospice, or residential medical care facility; or (2) continuing treatment by a health care provider.”

Family members are a spouse, domestic partner, child, parent, grandparent, grandchild, or sibling.
4. Benefits While On Leave: While on such a leave of absence, the employee shall accrue no employee benefits, no seniority, and no time toward salary step advancement. Additionally, it will be the employee’s responsibility to pay his or her portion of all medical, dental, vision and life insurance/A.D.&D. premiums.
5. Return to Work: The employee will be returned to the same or an equivalent position upon his/her return to work. If the employee would have been laid-off for lack of work or for budgetary reasons, the employee’s right to reinstatement remains the same as it was prior to taking FMLA leave.

7. Alternate Work Schedules: The City may provide the option of an intermittent (non-continuous) or reduced hours leave schedule when such an arrangement can be made without adversely impacting the operations of the City or the Department of the affected employee. In such situations, the City may require the employee to transfer temporarily, at the employee’s current pay, to another position which better accommodates recurring periods of leave. This temporary transfer shall not displace another permanent employee. All alternate work schedule arrangement made under this section must have prior approval of the City Manager.
8. Certification by Healthcare Provider: The City will require proof from the employee that a leave is necessary, including certification by a healthcare provider stating the date the condition commenced, the probable duration of the condition and any appropriate medical facts regarding the condition. Certification must estimate the expected schedule or duration of the leave. The City may, at the City’s own expense, require a second opinion from a healthcare provider of its own choosing. In cases of conflicting findings, a third opinion from a provider of joint designation may be required. That opinion shall be final and binding.
