

## SCWA Treebate Program

Solano Water County Agency is offering rebates for the purchase(s) of qualifying low-water use, drought tolerant, and or native trees!

The rebate will cover 50% of the cost to purchase approved trees up to a maximum of \$100!

Check which trees are approved or apply online at [www.scwa2.com](http://www.scwa2.com) or call us at (707) 455-1113.

Trees can help: cool your home, encourage wildlife, prevent erosion, & reduce storm runoff.
